

MARK AI

Product Playbook

The 3D Robot That Sells For You

Mark is a tiny, adorable 3D robot that lives on your website.

He walks around, waves at visitors, and talks to them like a real person. He is NOT a boring chatbox in a corner.

Mark is a CHARACTER. He has a personality, a backstory, and he genuinely wants to help your visitors find what they are looking for and buy it.

Think of him as your 24/7 AI salesperson who never sleeps,

Walks & Waves

Mark physically walks around your website. He waves, jumps when excited, and grabs attention like no chatbot ever could.

Voice Chat

Visitors can TALK to Mark with their microphone. He listens, understands, and speaks back with a real voice.

Knows Your Site

Mark crawls your entire website and learns everything. Products, prices, pages. He answers from REAL data, never makes stuff up.

Sales Brain

Mark detects buying intent, suggests products, handles objections, and knows when to stop pushing. Smart, not annoying.

1

Install the Plugin

Go to WordPress > Plugins > Add New.
Search 'Mark AI' and click Install.
Activate it. Done. Mark appears on your site.

2

Add Your AI Key

Go to Mark AI settings in WordPress.
Paste your free Groq API key.
This powers Mark's brain. Takes 30 seconds.

3

Mark Learns Your Site

Mark automatically crawls all your pages.
He reads your products, your about page, everything.
No manual training needed. He just knows.

4

Visitors Meet Mark

A cute 3D robot appears on your website.
He walks, waves, and says hello.
Visitors click him and start chatting.

5

Mark Sells For You

Mark recommends products, answers questions,
handles objections, and guides visitors to buy.
You see all conversations in your dashboard.

Mark's 7-Layer Brain

Layer 1 Identity

Mark knows who he is. A cute robot with a backstory, personality, and feelings.

Layer 2 Site Awareness

He knows YOUR website name, URL, and what kind of business you run.

Layer 3 Personality

Friendly? Professional? Playful? You choose. He adapts his entire tone.

Layer 4 Conversation IQ

He detects what visitors want: browsing, buying, asking, or just chatting.

Layer 5 Anti-Hallucination

He NEVER makes up products, prices, or policies. Only says what he knows is true.

Layer 6 Sales Intelligence

Cross-sell, objection handling, urgency triggers, lead capture. All configurable.

Layer 7 Voice Format

Short, natural responses. No essays. He talks like a human, not a robot.

Each layer works together to make Mark the smartest website companion ever built.
